Welcome to the wine tasting experience at the Denver Charity 2002!

Joy Wines & Spirits, working with our wine distributors, have assembled over 115 different wines for tonight's tasting. The fun in a tasting is in the exploration and the discovery of a new gem. While you may have heard of some of the wines, we urge you to taste and discover wines and varietals.

Joy Wine & Spirits and our vendors have donated all the wines presented here. We have a very broad selection and we have something that will appeal to everyone.

Our wine distributors must make choices regarding the charities that they support. If you like their wine, and find the salespeople helpful and knowledgeable, please show your appreciation by taking advantage of some of the great deals offered here tonight. Solid case purchases allow the most savings. If you like many of the wines, split cases with friends, or better yet, keep it on hand for dinners, parties, gifts, or just enjoying.

All wines in this brochure can be purchased at these special prices only with a quarter case (3 bottle) or full case (12 of the same bottle) minimum. Please mark your orders in this guide and then deposit this booklet in the order boxes in the entry to the ballroom or on the first level. Fifty percent of all the proceeds from tonight's wine sales will be donated to the five benefiting charities.

Discover the Joy of Wine!

Thank you for your generosity. Come visit our store at 6th and Marion. Choose from over 1,000 wines, extensive beer and liquor selections, and our wall of wines under \$10.99.

Please drink responsibly.

Torrontes is an uncommon grape varietal originally thought to be from Spain, it has become its own unique variety in Argentina. This wine has a rich nose of white peaches and the wonderful citrus qualities found in a Sauvignon Blanc. It finishes bone dry and would taste fantastic this summer with cold ceviche. This wine is every bit as lovely as the price.
